CAGAYAN STATE UNIVERSITY
APARRI CAMPUS

September 16, 2026

Activity
1st Semester, Final Term

Subject: Web Interactivity and Engagement
1st Activity for the Final Term – Web Design Content
Points: 10 pts
No. of Items: 5 Items
Submission Date and Time: September 17-22-24, 2026, 8:00 AM – 12:00 PM

Full Name: _____
Section: _____ Date **Submitted:** _____

Instruction: Choose **ONE website or mobile application from the list provided below and must not be the same website or mobile application selected by any of your classmates.** Examine its interface carefully and analyze how its content is presented to users.

Take screenshots of the specific parts of the interface that you will analyze and use them as evidence for your answers.

Output: Screenshot Requirement
Include at least **3 screenshots** from your chosen website/app. Each screenshot should be properly labeled,

for example:
Figure 1. Homepage Navigation
Figure 2. Registration Button and Label
Figure 3. Content Hierarchy

Answer the following:

Answer Table

No.	*Area to Analyze*	*Your Answer*	*Explanation*
1	**Instructions and Labels**	Identify one instruction and one label from the website/app.	Explain whether the instruction and label are clear, specific, and easy to understand.
2	**Buttons**	Identify two buttons and state the action of each button.	Explain whether the buttons clearly communicate what will happen when the user clicks/taps them.
3	**Navigation**	Identify the type of navigation used.	Explain how the navigation helps users move between pages, sections, or features.
4	**Readability**	Give one example of how the content is easy or difficult to read.	Explain how font size, spacing, text organization, or contrast affects readability.
5	**Content Hierarchy**	Identify the most noticeable heading or information.	Explain why it attracts the user's attention first and how its presentation shows its importance.

Submit Requirements:

1. Answer all questions in the table provided.
2. Keep your answers **clear, concise, and relevant** to the topic.
3. **Print your completed output on A4-size paper.**
4. **Paper Size:** A4 (210 × 297 mm)

Suggested Websites:

1	**Facebook**	**31 Canva**
2	**YouTube**	**32 Figma**
3	**Instagram**	**33 GitHub**
4	**TikTok**	**34 GitLab**
